

Hints & Tips for Wool & Delicates

Gently clean and care with Fairy Non Bio for Wool & Delicates. Suitable for hand or machine wash to keep delicate fabrics looking their best.

Your fine and delicate fabrics deserve a little extra care. Whether a silk shirt, woolly jumper or delicate lingerie your special garments need Fairy Non Bio Wool & Delicates for hand and machine wash.

Soft on skin and gentle on fabric, our Fairy Non Bio Wool & Delicates formulation renews softness and volume while minimising shrinkage, stretching and shape loss to natural and synthetic fibres. In addition, fuzz is reduced keeping your garment better for longer.

- ✓ Extra care for your wool and delicates
- ✓ Dermatologically accredited
- ✓ Approved by the Skin Health Alliance

Fairy Non Bio Wool & Delicates - 750ml

Caring for delicate fabrics

Wool

A cozy wool jumper is a wardrobe essential but can be notoriously difficult to take care of. **Fairy Non Bio Wool & Delicates** laundry detergent can help prevent shrinkage, stretching and shape loss to keep your woollens looking better for longer!

Many people feel more comfortable handwashing delicate items rather than popping them in the washing machine. **Fairy Non Bio Wool & Delicates** gives you the choice of both but always use in conjunction with the garments care instructions.

Handwashing Instructions:

1. Carefully check the items washing instructions on the care label. If the dry clean only symbol is pictured then do not handwash.
2. Pour 30ml of **Fairy Non Bio Wool & Delicates** into 10 litres of warm water.
3. Wash item carefully and rinse thoroughly.
4. Dry flat to ensure shape is maintained. Never tumble dry!

Machine Washing Instructions:

1. Carefully check the items washing instructions on the care label. If the dry clean only or hand wash symbols are pictured then do not machine wash.
2. Place 50ml (1 cap full) of **Fairy Non Bio Wool & Delicates** in the detergent compartment of your washing machine.
3. Use the wool setting on your washing machine if available. If not available use a cold wash and low spin washing cycle.
4. Remove from the washing machine as soon as the load is complete and reshape whilst damp.
5. Dry flat to ensure shape is maintained. Never tumble dry!

A guide to washing instruction symbols

Please note: Follow the washing instructions on your garment carefully.

Important: Always follow the usage instructions on the Fairy packaging. Do not use on leather, upholstery, dry clean only garments or finished/coated surfaces.

Caring for delicate fabrics

Silk

Items made from silk need to be washed with caution. Many people worry about washing silk but using **Fairy Non Bio Wool & Delicates** laundry detergent, which has been specially formulated to care for delicate fabrics, will help to keep your silks looking better for longer!

Always check the item is colourfast before washing. Dab an inconspicuous area of the silk with a white, wet cloth to see if any colour runs from the item. If colour sticks to the white cloth, we recommend that you do not hand wash or machine wash your item – take it to a professional dry cleaner instead.

Handwashing Instructions:

1. Carefully check the items washing instructions on the care label. If the dry clean only symbol is pictured then do not handwash.
2. Pour 30ml of **Fairy Non Bio Wool & Delicates** into 10 litres of warm water.
3. Soak the item for no longer than 5 minutes and rinse thoroughly.
4. Remove the item from the basin and lay it down flat on a clean towel. Roll the silk in the towel and gently press to enable the towel to absorb excess water. Do not twist or wring silk as this can distort the shape of the item.
5. Air dry in indirect sunlight to avoid damage and fading. Never tumble dry!

Machine Washing Instructions:

1. Carefully check the items washing instructions on the care label. If the dry clean only or hand wash symbols are pictured then do not machine wash.
2. Use a mesh laundry bag or pillowcase to avoid snags or damage caused by the drum.
3. Place 50ml (1 cap full) of **Fairy Non Bio Wool & Delicates** in the detergent compartment of your washing machine.
4. Use the delicates setting on your washing machine if available. If not available use a cold wash and low spin washing cycle.
5. Remove the item from the washing machine as soon as the cycle has finished.
6. Air dry in indirect sunlight to avoid damage and fading. Never tumble dry!

A guide to washing instruction symbols

-  Dry clean
-  No not wash
-  Handwash
-  Machine wash
-  Do not wring
-  Dry flat
-  Dry out of direct sunlight
-  Do not tumble dry
-  Tumble dry
-  Tumble dry on low heat
-  Do not iron

Caring for delicate fabrics

Microfibres

Microfibres are a great alternative to cotton as they are lightweight, crease resistant, breathable and fast drying. They are a fine fabric which gives them many good qualities, but with a fibre finer than silk, they still need care to maintain their shape and finish.

They have become a favourite for active wear due to their breathability and fast drying attributes.

Microfibers can attract lint so always ensure you wash with like fabrics.

Handwashing Instructions:

1. Carefully check the items washing instructions on the care label.
2. Pour 30ml of **Fairy Non Bio Wool & Delicates** into 10 litres of warm water.
3. Wash and rinse thoroughly.
4. Reshape whilst damp.
5. Air dry in indirect sunlight, somewhere that air can circulate. Use hangers to maintain the shape of the garment.

Machine Washing Instructions:

1. Carefully check the items washing instructions on the care label to determine the type of microfiber your clothing is made from and if it is suitable for machine washing.
2. Place 50ml (1 cap full) of **Fairy Non Bio Wool & Delicates** in the detergent compartment of your washing machine.
3. Wash with other like fabrics and avoid washing with fabrics such as towels as microfibre attracts lint.
4. Air dry in indirect sunlight, somewhere that air can circulate. Use hangers to maintain the shape of the garment.

-  Dry out of direct sunlight
-  Do not tumble dry
-  Tumble dry
-  Tumble dry on low heat
-  Do not iron

Caring for delicate fabrics

Mixed fabrics

Knowing the make up of your garment will help you understand the best way to care for it. Always read the care label as mixed fabric items can have special washing instructions to maintain their shape and finish.

As a general rule take note of the instructions for the fabric with the highest percentage. For example a wool mix jumper may have a 60% wool content, 40% polyester so you would wash as a wool garment.

Handwashing Instructions:

1. Carefully check the items washing instructions on the care label. If the dry clean only symbol is pictured then do not handwash.
2. Pour 30ml of **Fairy Non Bio Wool & Delicates** into 10 litres of warm water.
3. Wash and rinse thoroughly.
4. Reshape whilst damp.
5. Air dry in indirect sunlight, somewhere that air can circulate. Use hangers to maintain the shape of the garment.

Machine Washing Instructions:

1. Carefully check the items washing instructions on the care label. If the dry clean only or hand wash symbols are pictured then do not machine wash.
2. Place 50ml (1 cap full) of **Fairy Non Bio Wool & Delicates** in the detergent compartment of your washing machine.
3. Depending on make up of garment you may choose to wash using the delicates setting on your washing machine.
4. Air dry in indirect sunlight, somewhere that air can circulate. Use hangers to maintain the shape of the garment.
